

# EP100 Joining process

## 1. Check the requirements

Read through our Join EP100 page to get to know the initiative and our [joining criteria](#).

## 3. Meet the team

If your organisation meets our initial requirements to join a Climate Group campaign, we'll set up a meeting to take you through EP100 in more detail and answer any questions.

## 5. Application review

The application will be reviewed against the EP100 joining criteria and you'll receive a confirmation if eligible to progress.

## 7. EP100 Membership

After signing the Membership Agreement, your organisation is officially an EP100 member! We'll send you all the info you'll need on EP100 and how to make the most of your membership!

## 2. Get in touch

Email the EP100 team at [EP100@climategroup.org](mailto:EP100@climategroup.org) to register your interest in becoming an EP100 member.

## 4. Apply for membership

We'll conduct our final eligibility checks and send you our Joining Form. Here you'll define your EP100 commitment targets, reporting metrics and joining pathway.

## 6. Final documents

Your organisation will need to sign our Membership Agreement and send your brand guidelines to our Client Experience Team.

## 8. Public announcement

We will agree a date to publicly announce your organisation as our newest member and we'll provide social media assets to help.

Welcome to EP100
